Safer Recruitment Policy Statement

The Education Network is committed to creating a culture that safeguards and promotes the welfare of children and adults at risk. In order to achieve this culture, we adopt robust recruitment procedures that deter and prevent people who are unsuitable to work with children applying for or securing employment.

Scope of the policy

This policy applies to anyone engaged by The Education Network including our directors, staff, contractors, and any work placement/volunteers.

All prospective applicants will be supplied with copies of the Safeguarding Policy, Allegations Policy, Safeguarding Children Policy, Whistleblowing Policy, and Code of Conduct.

Roles and Responsibilities

The Education Network will –

- Prevent people who pose a risk of harm from working with children by having effective policies and procedures in place for the recruitment of staff and volunteers in accordance with the DfE guidelines, Keeping Children Safe in Education (KCSIE) and any guidance or code of practice published by the Disclosure and Barring Service (DBS).
- Prevent people who are subject to a Section 128 direction (which prohibits or restricts a person who has previously been prohibited from teaching) from taking part in management of an independent school, including academies and free schools, in accordance with the DfE guidance, Keeping Children Safe in Education 2024 (KCSIE) and any guidance or code of practice published by the Disclosure and Barring Service (DBS).
- Ensure that it meets its commitment to safeguarding and promoting the welfare of children and young people by conducting all necessary pre-employment checks.

Recruitment and Selection Process

All those involved with the recruitment and employment of staff to work with children will be trained to a recognised standard in safer recruitment. The Education Network ensures at least one person who conducts an interview has completed training in safer recruitment.

Safer Recruitment Policy

The Education Network will ensure the following:

- That at least two people conduct the shortlisting exercise.

Employment History and References

All offers of employment made by The Education Network will be subject to the receipt of a minimum of two written references from the last 24 months (to include any gaps in employment)

The Education Network follows strict standards and therefore will.

- Not accept open references e.g. to who it may concern.
- Not rely on applications to obtain their references.
- Ensure any references from the candidate's current employer have been completed by a senior person with appropriate authority (if the referee is school or college based, the reference should be confirmed by the headteacher/principal as accurate in respect to disciplinary investigations).
- Obtain verification of the individual's most recent relevant period of employment where the applicant is not currently employed.
- Secure a reference from the relevant employer from the last time the applicant worked with children (if not currently working with children), if the applicant has never worked with children, then secure a reference from their current employer.
- Always verify any information with the person who provided the reference.
- Ensure electronic reference originates from a legitimate source.
- Contact referees to clarify content where information is vague or insufficient information is provided; and
- Compare the information on the application form with that in the reference and take up any discrepancies with the candidate.
- Establish the reason for the candidate leaving their current or most recent position and,
- Ensure any concerns are resolved satisfactorily before appointment is confirmed.

Employment Selection

The Education Network uses a range of selection techniques to identify the most suitable person for posts. All interview questions will include:

- Finding out what attracted the candidate to the post being applied for and their motivation for working with children.
- Exploring their skills and asking for examples of experience of working with children which are relevant to the role; and
- Probing any gaps in employment or where the candidate has changed employment or location frequently, asking about the reasons for this.

All information considered in decision making will be clearly recorded along with decisions made.
